Subject: Information request

Mark,

Thanks again for assisting us last week with access for our sampling event. Your crew was extremely helpful and cooperative.

There are a couple items of information we would like to request that would be helpful in our data processing.

- Lat/Long or equivalent survey information for the location of the monitoring wells we sampled:
 - House Street Landfill site
 - MW-5s
 - MW-4s
 - Former Wolverine Tannery site
 - MW-5
 - MW-304A
 - TMW-101
- Results from surface water sampling comparative to the 2 locations we were able to access and sample
 - Rogue River, just below the dam in Rockford from the public park just E of River St and S of Bridge St
 - Rum Creek, just E of bridge on N Main St

Thanks for the help

Brent Ritchie, MS
Senior Project Geologist
The Mannik & Smith Group, Inc.
